DOESN'T LOOK LIKE BAD MAN

Homesteader Arrested for
Shooting at Capitalists
Puts up Appearance That
Fails to Convince One of
His Guilt.

Deputy Sheriff Mickey returned yesterday from Arlington with W. W. Bruner, who is charged with assault with a deadly weapon. This is the man who is said to have blazed away at men interested in a canal project which crosses his land while they were looking over the work yesterday.

A rascally, gray-haired, middle-aged gentleman, with a mild blue eye that looks at you kindly through silver-rimmed spectacles is Mr. Bruner. He doesn't look as though he would harm anyone.

"I suppose if the law says I'm right, I'm right, and if the law says I'm wrong, I'm wrong," he said with a smile this afternoon. "Guess we'd better not talk about it now, had we?"

BACKACHE NOT A DISEASE

But a Symptom, a Danger Sig-
nal Which Every Woman
Should Heed.

Backache is a symptom of organic weakness or derangement. If you have backache don't neglect it. To get permanent relief you must reach the root of the trouble. Read about Mrs. Wood-
all's experience.

Morton's Gap, Kentucky.—"I suffered two years with female disorders, my health was very bad and I had a continual backache which was simply awful. I could not stand on my feet long enough to cook a meal's victuals without my back nearly killing me, and I would have such dragging sensations I could hardly bear it. I had soreness in each side, could not stand tight clothing, and was irregular. I was completely run down. On advice I took Lydia E. Pinkham's Vegetable Compound and am enjoying good health. It is now more than two years and I have not had an ache or pain since. I do all my own work, washing and everything, and never have backache any more. I think your medicine is grand and I praise it to all my neighbors. If you think my testimony will help others you may publish it."—Mrs. OLLIE WOODALL, Morton's Gap, Kentucky.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (Confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

Soft Molasses Cookies (Recipe by Mrs. Mary J. Lincoln)

The children—and the grown-ups, too—will enjoy these cookies. Try some next baking day.
Sift one cup molasses, pour it over one-fourth cup Cointreau, add one-half cup sugar, one-half level teaspoon salt, and one level tablespoon ginger, or a mixture of other spices if preferred. Dissolve one-half level teaspoon soda in one-fourth cup cold water, add to the cooled molasses, then stir in from three to four cups flour, making a soft dough to drop and spread in a pan, or a stiff dough to be rolled and cut. Bake in moderate oven.

The use of Cointreau is a shortening, insures cooking that is both palatable and easy to digest.

BACKERS COL'S ENTHUSIASTIC

Mr. Heard Wires That New
England and Pennsylvania
Will Send Strong
Roosevelt Delegations to
Convention.

Dwight B. Heard, who is attending the conference of Roosevelt third-term boosters in Chicago wired to Fred Cleveland, president of the local Roosevelt club, that New England and Pennsylvania representatives promise strong delegations for Roosevelt in the national convention.

The news regarding the state of feeling in Pennsylvania is indeed surprising. This is the first intimation that Mr. Penrose's state feels sufficiently inspired to break away from the men who, as a rule, have the say-so of things political in that commonwealth.

The telegram follows:
"Hon. Fred Cleveland,
"President Roosevelt Club,"
"Phoenix, Arizona."
"Conference great success. Fifty-seven delegates, twenty-eight states represented, nine governors, pledge support, complete organization perfected for national wide work for Theodore Roosevelt, delegates from New England and Pennsylvania pledge strong delegation for Roosevelt in national convention."
"DWIGHT B. HEARD."

THE GAMBLE CONCERT AT ALBUQUERQUE

Every Member is an Artist of the
Highest Attainments, Says
the Journal

The Earnest Gamble Concert party appeared in Albuquerque on the ninth and the Journal of that city in commenting upon their work, says: "Every member is an artist of the highest attainments," and enough praise cannot be said concerning the excellence of the program.

The entertainment committee have asked the Redwood music house to place one of their finest grand pianos upon the stage for their use as they do not in any way want to detract from the good work of the trio.

The seating capacity of the Adams school auditorium is limited to four hundred and eight and those who wish a seat had best start in early in the day to secure it. There are about three hundred season tickets sold and therefore not many single admissions are available.

There is perhaps no other musical organization more in demand by educational institutions than the Gamble party. They have appeared at the University of Chicago three times, Marshall college, West Virginia, six times, Notre Dame university three times, etc., etc.

Music lovers of Phoenix should not miss it if they can get a seat.

THUS AN ISLAND WAS BORN.

The recent upheaval of a small island off the coast of Trinidad caused intense excitement among the natives, who believed that the end of the world had come, says the Illustrated London News. This can hardly be deemed a matter for wonder, when it is recalled that the birth of the island was heralded by clouds of smoke and fire, hundreds of feet high, which came from the open sea and could be seen for a distance of at least forty miles. The first sign of anything unusual occurred November 4, when a fisherman observed a small cone of strange land jutting from the sea, with water bubbling about it. In the evening came a loud report, smoke and fire, which gradually subsided. Exploration proved that the island, then some two and a half acres in extent, was in the bay of Erin, two miles from Chatham, where, it is said, Columbus landed when he discovered "Trinidad," and twelve miles from "The Serpent's Mouth," the southern entrance to the Gulf of Paria. Its highest point was about twelve feet above the level of the sea.

Since we got fooled on Halley's comet, we decline to get excited about the harem skirt.

RIFLEMEN TO TRY OUT SOON

Team to Compete at Olymp-
pic Will be Picked in
May—Arizona Has Good
Shots and Has Chance of
Representation.

Shooters, get out your trusty rifles and get busy. This is the year of big international rifle matches and some of the crack Arizona shots should have excellent chances of making places on the teams to be sent from the United States.

The first match will be held at Buenos Ayres, Argentine republic from May 16 to 20, and the second at Stockholm, Sweden, during the 5th Olympiad, from June 29 to July 5.

The adjutants general of the several states, the secretary of war, secretary of the navy, the commandant of the marine corps, may select men to try for places on these teams.

The tryout for the Argentine team will be held in the United States marine corps range at Watkinson, Md. April 19 and 21. Each competitor will fire 40 shots standing, 40 shots kneeling and 40 shots prone, at 250 meters (253 yds.) on the Argentine target. The selected team will stay on the range until April 19 when it will leave for New York to sail for Buenos Ayres on April 26.

Not one, then, its men will be selected from each state: the army, the navy, the marine corps, to try for places on the Olympic team. The preliminary tryouts will be held in each state sending competitors, from April 23 to May 11. The men selected will have a final tryout at the commonwealth. The highest 25 will be put through a final test on May 20 when 10 men will be selected as team alternates. The contest of firing will be held at 200, 400, 500, and 600 meters on the international target. These distances correspond respectively to 218.72, 437.44, 546.80 and 656.16 yards.

Each competitor will fire two sighting shots and fifteen shots for record at each range each day. The trigger pull to be not less than four pounds. The sling will be allowed in connection with one arm only and its position without artificial rest may be used.

From the time the teams are selected until their return to their home stations there will be no expense to the members of the teams. In the Argentine matches the firing is on a circular target 47.28 in. in diameter. This black center is divided by concentric rings into 4 parts, the center having a value of 10 and the other parts having values of 9, 8, 7 and 6 respectively. The white part of the target is divided by concentric rings into parts having values of 5, 4, 3, 2, 1.

In the standing position the body must rest on both legs and have no artificial support. In the kneeling position, the feet and knee must touch the ground. In the prone position, the upper part of the body must be supported by the elbows and forearms must not touch the ground. Each rifle team is to fire with the regulation arm of its nation. No modification of any kind will be allowed. Both sights must be uncovered and unaltered. Trigger pull no less than 4 pounds.

In each competitor will fire 120 shots, 40 at each position. Scores of 100 shots will be fired without interruption, and ten sighting shots will be allowed at each position. A practice target will be provided and the sighting shots are taken at will between score and score of ten shots. Each nation is to be represented by a team of five riflemen.

The shooting competitions of the fifth Olympiad commenced at Stockholm June 29 and end July 5. There will be team and individual competitions and competitors are limited strictly to amateurs. International teams for these contests have six members with three alternates. Each competitor will fire two sighting shots and fifteen shots for record at each distance. At 200 meters the target has a bulls eye 7.87 inches in diameter, surrounded by a black band nearly 2 1/2 inches in width. The bulls eye has a value of five and the black band surrounding it has a value of four. The three other

circular divisions have values respectively of 3, 2 and 1.

The target for the other distances has a bulls eye 15.74 inches in diameter surrounded by a black band about four inches wide. The values are the same as for the 200 meter target.

Any position can be used at all ranges. Rifles are to be the national military arm of any country with a trigger pull of not less than four pounds. Slings may be used in connection with one arm only. Fore and back sights are to be regulated.

Riflemen will count as misses. The American team won the last international team match on the Bisley range at London in 1908. Arizona has several shots who should be able to win a place on the team this year. The ranges are easy, the position a familiar one and all it will take is good holding with ability to dope out the conditions.

Pretty Mothers

Health is the foundation of all good looks. The wise woman realizes this and takes precautions to preserve her health and strength through the period of child bearing. She remains a pretty mother by avoiding as far as possible the suffering and dangers of such occasions. The use of Mother's Friend, a remedy that has been so long in use, and accomplished so much in use, and a preparation which always produces the best results. It is for external application and so penetrating its nature as to thoroughly lubricate every muscle, nerve and tendon involved during the period before baby comes. It aids nature by expanding the skin and tissues, relieves tenderness and soreness, and perfectly prepares the system for natural and safe motherhood. Mother's Friend has been used and endorsed by thousands of mothers, and its use will prove a comfort and benefit to any woman in need of such a remedy. Mother's Friend is sold at drug stores. Write for free book for expectant mothers, which contains much valuable information.

REMEMBER MOTHER'S VIOLET BED.

When getting your winter clothing ready to put away, try fastening a bag of Hubbard's violet sachet powder in each garment. This powder is as fragrant as the fresh flowers, and does not lose its odor as so many sachet powders do. Your clothes closet and your trunk will remind you of the violet bed on the north side of the old home. Ruffin Drug Co.

WHY GAS?

Why sweeter over a wood stove? It will soon be hot enough in the ordinary kitchen if a gas range is used. Gas is always ready, clean and at the present rates, cheaper than wood. Put a gas water heater on your bath tub, bathe in comfort, plenty of hot water, the minute you turn the faucet. Pacific Gas & Electric Co.

NOTICE OF PUBLIC HEARING BY THE MINING CODE COMMISSION OF ARIZONA.

Public notice is hereby given that the Mining Code Commission of Arizona will, as required by Sec. III of Chap. 37 of the Laws of 1909, grant public hearings to all persons interested in metalliferous mining and mine inspection commencing on Monday, the 11th day of March, 1912 at 10:00 o'clock in the forenoon at the office of Thomas Armstrong Jr., Secretary of the Commission, at room 215 National Bank of Arizona Building in Phoenix, and continuing for a period of six consecutive days.

These hearings are to be held to better enable the Commission to perform the duties required of it by law in the preparing and drafting of a complete and comprehensive code of laws regulating metalliferous mining and providing for effective mine inspection, such code to be delivered to the Governor and by him laid before the Legislature. All persons interested in metalliferous mining and desiring to be heard are requested to attend said hearings, or, if unable to attend in person to make and file in writing with the secretary such suggestions as to the provisions of the proposed code as they may desire.
